## TOOLS

The tools below are required to complete the installation. For additional information, check with your local hardware store on the requirements for your installation.

Philips Screwdriver

Power Drill

1/4" Drill Bit

Hammer

Masking Tape

Level

## INSTALLATION

- 1 Position this manual where you would like to mount the fixture.
- 2 Level the template, then attach it to the wall with masking tape.
- 3 Drill two 5/16" holes on each corresponding mounting plate location.
- 4 Remove the template from the wall.
- 5 Insert the plastic anchors into the hole until it is flush with the wall.

- 6 Install mounting plates onto the wall using the screws provided.
- 7 Install the fixture and tighten the hex screw.
